November 19, 2020

Dear NMSD Families,

It is my deepest hope that this letter finds you well amid all the uncertainty caused by the Pandemic. It is more of a challenge to find things to be grateful for this Thanksgiving. However, even in these trying times, I find so much gratitude for the NMSD community. I am thankful for you and all our staff who are working so hard to stay connected and push forward with your child's education and well-being.

Because of the troubling and continued surge in the spread of COVID-19, NMSD will not be providing a projected opening date of our school programs on our Santa Fe or Albuquerque campuses. We had originally said we would review our ability to begin re-entry in January starting with our preschool and elementary programs. However, it is now impossible to give you a projected date when it will be safe to open our campuses for in person learning for the Spring Semester (January-May).

We will continue to monitor the situation carefully and options for our ability to start in-person learning on our campuses. As always, your teachers and principals will be in communication with you through the online school format to make this learning environment as successful as possible.

I do wish you the best. We miss you and your children tremendously and are comforted in knowing that someday in the future we will be together in person again.

Con Mucha Alma,

Rosemary Gallegos
Superintendent

Vision: Children and students in New Mexico who are deaf/hard of hearing will become lifelong learners and contributing, well-rounded successful individuals in an increasingly global society.
